

OUR PROJECT

EpilepsyPOWER project is co-funded by the European Commission within the Erasmus Plus funding programme and actively driven by partner organisations in Italy, Germany, Bulgaria, Ireland and France, as introduced in our first newsletter. The goals of EpilepsyPOWER project aim at improving opportunities of inclusion in job market for people with epilepsy (PwE). The final objective is to increase the number of people engaged in relevant corporate social responsibility epilepsy-friendly initiatives; to spread a culture and a practice for the implementation of inclusion systems for epilepsy people, based on the enhancement and valorization of their abilities; support universities, companies, micro and small enterprises in inclusion improvement.

PROJECT RESULTS

- PR01:** Operational framework and learning methodology;
- PR02:** Integrated online platform for digital integrated learning, multilevel cooperation and resources sharing;
- PR03:** Collaborative labs for best practices;
- PR04:** Learning contents and classroom guidelines;
- PR05:** Assessment online tool and epilepsy label.

TARGET GROUPS

Target group 1: People with epilepsy (PwE)
Target group 2: Higher education institutions' staff and end-users: professors, university staff, placement officers, students, entrepreneurs/managers attending MBA/Executive courses, adult people employed in organisations, recruiters, HR experts and recruitment agencies

The ambitious objectives of EpilepsyPOWER project aim at improving PwE opportunities of inclusion in the job market. The final objective is to increase the number of people engaged in relevant corporate social responsibility epilepsy-friendly initiatives; to spread a culture and a practice for the implementation of inclusion systems for PwE, based on the enhancement and valorisation of their abilities; support universities, companies, micro and small enterprises in inclusion improvement.

ACHIEVED SO FAR:

- ✓ Third Transnational Project Meeting, Dublin (Ireland), on October 31-November 1, 2023;
- ✓ Collaborative Labs: purpose of the Collaborative Lab was to bring together several stakeholders who are in contact with People with Epilepsy (PwE) in order to discuss the issues related to their ability to incorporate the real work environment

Collaborative Lab in Italy, February 12, 2024:

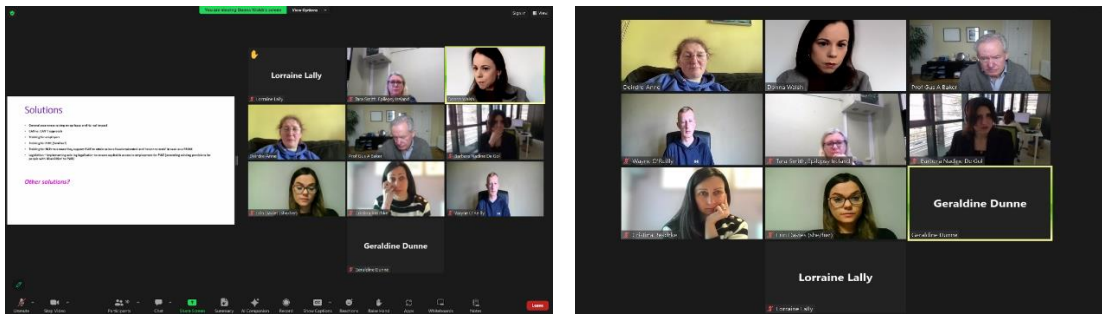

Collaborative Lab in France, February 13, 2024:

Collaborative Lab in Ireland, February 12, 2024:

Collaborative Lab in Bulgaria, February 12, 2024:

COMING SOON:

- ✓ PR02 - Integrated online platform for digital integrated learning, multilevel cooperation and resources;
- ✓ PR04 - Learning contents and classroom guidelines;
